

Neurosciences Seminar Series

Tues. March 26, 2019

1:00-2:00pm

uOttawa, Roger Guindon Hall,
451 Smyth Rd.

Seminar Room 1421

Presents the
uOBMRI - David Park Colloquium Series
Featuring

Dr. Jim Davies

Professor

Institute of Cognitive Science and the
School of Computer Science
Carleton University

Dr. Richard Naud

Assistant Professor

Cellular and Molecular Medicine
Faculty of Medicine
University of Ottawa

Seminar Title:

**"Artificial Intelligence, Imagination
and Neural Coding"**

Learning Objectives:

- 1) Understanding the difference between engineering artificial intelligence and psychological artificial intelligence
- 2) Explaining the process of imagination and imagery
- 3) Appreciating how closing the gap between neuroscience and artificial intelligence relies on understanding the language of brain cells
