CyclOps: Tooling to Support Responsible AI Deployment in Health Care

Tuesday, September 17th, 2024 | 3:00 PM – 4:00 PM

Learning Objectives
By the end of the seminar, participants will:
- Understand the importance of ML model evaluation and monitoring
- Identify health care use cases that are adopting best practices
- Develop a sense of responsibility for the performance of ML models in clinical settings

Please email emmabrown1@ohri.ca if you would like to be added the HAD MS Teams group / mailing list.
