

TUESDAY, NOVEMBER 19, 2024

1:00-2:00PM

IN PERSON ROOM 3248 AND ZOOM

PRESENTED BY:

Mark Brandon, PhD

Associate Professor,
Department of Psychiatry
McGill University

Hosted by Dr. Simon Chen

SEMINAR TITLE

"NEURAL MECHANISMS OF SPATIAL COGNITION"

Learning Objectives

1. Learn about experimental and analytic techniques to record from neurons in freely behaving mice,
2. Learn about mechanisms of spatial orientation,
3. Learn about how spatial coding decays in a mouse model of Alzheimer's disease.
