DATA MANAGEMENT AND SHARING: NAVIGATING NEW MANDATES WITH ARCHIMEDES | WEBINAR

The webinar intends to introduce researchers to ARCHIMEDES, a new health platform developed for data management and sharing.

LEARNING OBJECTIVES

1 Understand new mandates and best practices pertaining to data management and sharing

2 Describe a novel health data platform, ARCHIMEDES, to support data collection, management, sharing, and analytics

3 Describe the evolving landscape of health data and related infrastructure in Canada and how to leverage it in your research

Led by Drs. Kelly Cobey,
Jodi Edwards and Peter Liu
