

TUESDAY, FEBRUARY 25, 2025

1:00-2:00PM

IN PERSON ROOM 3248 AND ZOOM

PRESENTED BY:

Bruno Giros, PhD

Professor, Dept of Psychiatry
McGill University

Hosted by Dr. Mario Tiberi

SEMINAR TITLE

**"DECIPHERING THE ROLE OF D1/D2 DOPAMINE
RECEPTORS CO-EXPRESSING STRIATAL NEURONS USING
INTERSECTIONAL GENETICS"**

Learning Objectives

1. Pre-clinical studies in neuroscience
2. An update on the organisation of the striatal output - consequences for neurological and psychiatric disorders
3. Intersectional genetic techniques to study cellular sub-populations
