Neuroscience Seminar Series

Tues. April 8, 2025

1:00-2:00pm

Hybrid

In Person RGN Room 3248
and ZOOM Meeting

Presents the
uOBMRI - Colloquium Series
Featuring

Ian Graham, PhD

Director, iKT Research Network
Brain-Heart Interconnectome, uOttawa

Jennifer Gunning

Senior Director
Brain-Heart Interconnectome, uOttawa

Seminar Title:

"Everything You Wanted to Know About Knowledge Mobilization and Implementation Science but Were Afraid to Ask"

Learning Objectives:

- 1) To be able to explain to colleagues and family what knowledge mobilization is and how it relates to implementation science
- 2) To understand the role of research coproduction in knowledge mobilization
- 3) To be able to develop an effective end-of-project knowledge mobilization plan
- 4) To understand how the Brain-Heart Interconnectome is embedding knowledge mobilization and co-production into interdisciplinary health research
